Music & Lyrics by T.W. Clark and Rodney J. Hugen

Dm D Dm D

Verse 1

D C G D
You've messed up from the cradle, sowed the wind, and reaped a tornado.

D C G D
Now there's no grain, so there's no flour, no bread that doesn't taste sour.

D C G Dm
You're sin sick, broken and viral living your life in a downward spiral. But...

Chorus

G D G D
I will gather you in. I will gather you in.
C G Dm D Dm D
Take away all of your sin, I will gather you in.

Verse 2

D C G D
You hand craft worthless idols. You run off like a horse without a bridle.

D C G D
Have you no shame and nothing to cover? You sell yourself and pursue other lovers.

D C G Dm
You don't give. You're nothing but takers. You lift yourself up and forget about your Maker.
But... [Chorus]

Bridge

Em F#m G A
I will visit the sins of the fathers to the third and the fourth generation.

Em F#m G A
But I will show kindness to my people, and I will reap what you sow.

To a thousand generations of those that love me, I will reap what you sow. I will gather you in.
